

The Phone Terror

There was once a boy
called Billy the bore.
But one day he was
with Liam Taylor and Niall.

They were on top of a
hill, they were all about to
go to the chippy but
suddenly they felt not that
hungry and Liam looked
as green as the grass.

So they went home and
went home and all went
onto the laptop.

The next day... they met up
at the hill and they
all had some person they
didn't know on face book
called Philip John Ston.

They all got told to meet
him at the hill at 3 o'clock
and as it struck 3 there was no
sight of the kids again.

~~The end~~

Although they ran as soon
as they saw the car
that was black and blacked out
windows.

The End
