The secret

I could hear something, deep and strong a voice, a sound, something I havnt heard before it started to lower and lower I struggled to get to the top but I couldnt I was so tired I wanted to take a breath but if I did I would fill my lungs up with water and if I didnt take a breath then I would explode! I couldnt do it, but I had to, I did and I started to sink even more, I swallowed the water I filled up and up, I cant breath, I cant move, I cant see....

"HONEY!! wake up wake up ! its time!", I rolled out of bed, I started to look around I could see my mum jump up and down shouting "wake up wake up"

I shook my head and stood up, "come on showna!" shouted mum, "ok, ok " I screamed I pushed my mum out of my room and said I will be down soon.

I sat down on my bed and started to think what happend the other day, I couldnt think I tried and tried but nothing, nothing at all I just smiled and stood up, I got dressed and ready for school. I slowly made my self down the stairs and into the kitchen, and there was my mum with her arms spread to give me a big hug, I wondered why but I did the same and gave her a hug back. She started to jump up and down and shout "HAPPY BIRTHDAY!!" I then realised it was my birthday, then she gave me a card saying " Happy 12th Birthday" and then things started to get wierd, " But im 13" I sayed very confused .

"Dont be silly ! Its your 12th birthday!" smiled mum, I smiled and turned away from her and then the smile faded, "im going to school" I sayed heading to the door, "Its saturday!" shouted mum "then im going for a walk" I whisped, making my way out of the house I closed my eyes and opened them again, I looked around and I saw my mum waving like mad at me. I turned back and put my head in my hands, when a young girl comes up and taps me on my shoulder I lift my head and smile "hey showna!" shouted the young girl, I smile but dont say anything, she turns back around and skips away. I shout "hey Riha" she stops and turns to me with out a smile "how do u know my name!" Riha shouted back, I smiled and shouted "your my best friend!!", "go away freak!!" she shouted back and ran away, I then remembered that I didnt meet her until another 5 months. Years past things happend that already happend and I knew how to deal with, and then it was my 14th birthday finally! im my real age, I knew that my friends were planning a pool party for me, the night of the pool party was dark but warm I was in my best bikini I got from my mum. On the way to the pool party I was so exited, I arrived and everyone was singing happy birthday, the night went on but then the mistake of my life happend I sliped near the pool and hit my head on the side I was knocked out.

I could hear something, deep and strong a voice, a sound..... I could hear my friends screaming at me and shouting "SHOWNA!!! " a was drawing, drawing I remembered what happend that night, that night I drawned, that night I died. And I had to redo my life and save my self but it was to late..... Im dead.... I died on my birthday, on my 14th birthday....
